PROFILE

Economist with a Master's in International Economics, specializing in international trade and sustainable development. Experienced in policy research, data analysis, and project coordination across multilateral settings. Skilled in survey design, stakeholder engagement, impact evaluation, and data-driven insights through dashboards and analytics. Motivated to apply evidence-based approaches to support urban innovation and sustainable policy solutions.

AREAS OF EXPERTISE

- **Stakeholder Engagement & Communication**: Experienced in managing stakeholder relationships, facilitating collaboration across teams, and delivering clear insights through reports, presentations, and data visualizations.
- **Data Collection and Processing:** Skilled in data collection and processing large datasets in R and Python.
- **Indicators and Dashboards Design:** Develop and track quantitative indicators and design interactive dashboards.
- **Policy Research:** Apply mixed methods and econometric tools to produce policy insights and analytical reports.

TECHNICAL SKILLS

- **Data Analytics, Statistical Analysis, and Simulation:** Stata, R, Python, Excel, SQL
- **Forecasting and Econometric Modeling:** Python, Stata, MATLAB
- **Data Visualization, Dashboard Design, and Mapping:** Power BI, Tableau, ArcGIS
- **Reporting and Documentation:** Word, PowerPoint, Canva, LaTeX, Zotero

WORK EXPERIENCE

International Air Transport Association (IATA) *Geneva, Switzerland*

MARKET RESEARCHER, SURVEY SOLUTIONS *Apr. 2024 – Mar. 2025*

- Designed and implemented online surveys using statistical methods for targeted market analysis.
- Enhance survey precision by selecting targeted indicators that generate client-specific insights.
- Developed interactive dashboards using Power BI to visualize complex quantitative findings.
- Utilize R and Excel for data cleaning, processing, and analysis to deliver quantitative insights.
- Prepare PowerPoint presentations to present survey findings to aviation industry clients.
- Oversee project execution for 3 major clients, ensuring adherence to strict deadlines.
- Promote and present customized survey solution products to prospective clients.

Cartier Philanthropy *Geneva, Switzerland*

PROGRAM ANALYST *Sept. 2023 – Mar. 2024*

- Conducted Monitoring and Evaluation (M&E) of programs for 22 non-profit partners, liaising with program officers to assess funding impact and facilitate donor reporting.
- Used R for data analysis and Tableau to create interactive visualizations, integrating indicator selection to strengthen program evaluations.
- Prepared due diligence reports on partners' projects using logframe, Theory of Change, and trackers.
- Performed mixed-methods research, gathering insights from case studies and annual reports.
- Tracked financial health and long-term sustainability of partners' programs in 40 countries.

UN Trade & Development (UNCTAD) *Geneva, Switzerland*

RESEARCH INTERN – SCIENCE, TECHNOLOGY, & INNOVATION POLICY *June. 2023 – Aug. 2023*

- Conducted research on frontier technologies through case studies and knowledge papers; organized findings systematically and reported regularly to the project officer.
- Evaluated innovation policies in developing countries using economic research methods and statistical techniques to inform policy assessments
- Contributed to developing 2 analytical policy papers in collaboration with a team. [UNIDO Article] [UN Commission Conference Paper]
- Documented meeting and conference notes and streamlined administrative processes.

Chegg *Kolkata, India*

SUBJECT MATTER EXPERT *Jan. 2021 – July. 2022*

- Developed study materials and taught Economics, Statistics, and Econometrics.
- Guided students in applying Stata for statistical and econometric analysis in social science.

The Bengal Chamber of Commerce & Industry (BCC&I) *Kolkata, India*

RESEARCH ASSISTANT *July. 2020 – Sept. 2020*

- Prepared analytical reports on Trade Opportunities in West Bengal; enhanced trade facilitation for partner organizations through streamlined procedures and market entry strategies.
- Analyzed trade data using Stata and presented findings in PowerPoint during team meetings.
- Supported administrative tasks for stakeholder meetings and annual conference preparations.

Xelpmoc Design and Tech Limited *Kolkata, India*

FIELD INVESTIGATOR *Mar. 2018 – June. 2018*

- Conducted an online survey with 200 respondents through Qualtrics.
- Collected and processed survey data on key investment behavior and trends.
- Used Excel and Stata for data processing and quantitative analysis to compile a survey report.

EDUCATION

Geneva Graduate Institute (IHEID) *Geneva, Switzerland*

MASTER IN INTERNATIONAL ECONOMICS *Aug. 2022 – July. 2024*

Specialization: International Trade

- GPA over Coursework: 5.52/6
- Relevant Courses: International Trade, Econometrics, Development Economics, Sustainable Finance, Microeconomics, Macroeconomics, Environmental Economics, Industrial Organization.
- Thesis: The Impact of Chinese Development Finance on Foreign Direct Investment and Forest Cover: Evidence from Asia.
  - Analyzed causal impact using statistical and econometric methodologies.
  - Incorporated case studies to provide qualitative insights and contextual evidence.
  - Used Python for web scraping, data cleaning and processing, and data visualization.
  - Used Stata for data processing, spatial mapping, data visualization, and quantitative analysis, including causal inference using IV and panel regression
- Term Project: Financing Sustainable Water Infrastructure through PPP Model to Achieve SDG 6 in Rural India.

Jadavpur University *Kolkata, India*

MASTER OF ARTS IN ECONOMICS *Aug. 2019 – July. 2021*

- GPA over Coursework: 9.81/10
- Relevant Courses: International Trade, Trade and Development, Econometric Modeling with Stata, Applied Economics, Microeconomics, Open Economy Macroeconomics.

Jadavpur University *Kolkata, India*

BACHELOR OF ARTS IN ECONOMICS *Aug. 2016 – July. 2019*

- GPA over Coursework: 9.49/10
- Final Year Project: Determinants of Ease of Living in Kolkata
  - Conducted face-to-face interviews and online surveys using Qualtrics with 350 respondents to collect data on socio-economic factors influencing residents' standard of living in Kolkata.
  - Used Excel and Stata for mixed-methods and causal analysis to evaluate key determinants of living standards.

PUBLICATIONS

- **Report:** Moving Fast with Frontier Technologies, January 2023, *Industrial Analytics Platform (UNIDO)*, with Henrique Pinto Coelho, Fabianna Bacil, and Clovis Freire.
- **Conference Paper:** Global Cooperation in Science, Technology, and Innovation for Development, November 2023, *UN Commission on Science and Technology for Development, Inter-sessional Panel 2023-2024*, prepared by UNCTAD Secretariat.

LANGUAGES

- English (Fluent), French (Intermediate), Hindi (Fluent), Bengali (Native)

SELECTED AWARDS & SCHOLARSHIPS

- 2023. Awarded the Hans Wilsdorf Scholarship, covering tuition and living expenses for my Master's studies in Geneva, Switzerland.
